WELCOME

Welcome to the fourth annual Prostate Cancer Awareness Lunch organised by the Noosa Prostate Association.

The Noosa Prostate Association is a registered charity, it's purposes being the promotion of awareness, regular testing and early diagnosis and treatment of prostate cancer, and the raising of funds for the Prostate Cancer Foundation of Australia.

The Prostate Cancer Foundation of Australia is the peak national body for prostate cancer in Australia. It promotes and funds research, implements awareness and education programmes, and supports affected men and their families with resources, support groups and specialist nurses.

Attending this lunch may save your life, or the life of your partner, father or son.

Prostate cancer is the most commonly diagnosed cancer for men in Australia.

- An estimated 24,000 new cases of prostate cancer were diagnosed in 2022
- More than 3,500 men die of prostate cancer in Australia each year

Regular visits to your doctor and blood tests will ensure critically important early diagnosis and treatment.

Early detection saves lives.

Thank you to our Event Sponsor, Presenting Partners, Sponsors, and to our auction and raffle donors, and to you for your attendance and support.
