Welcome to the second annual Prostate Cancer Awareness Lunch organised by the Noosa Prostate Association.

The Noosa Prostate Association is a registered charity, it's purposes being the promotion of awareness, regular testing and early diagnosis and treatment of prostate cancer, and the raising of funds for the Prostate Cancer Foundation of Australia.

The Prostate Cancer Foundation of Australia is the peak national body for prostate cancer in Australia. It promotes and funds research, implements awareness and education programmes, and supports affected men and their families with resources, support groups and specialist nurses.

Attending this lunch may save your life, or the life of your partner, father or son.

Prostate cancer is the most commonly diagnosed cancer for men in Australia.

About 20,000 cases a year are diagnosed in Australia
About 3300 men a year die of prostate cancer in Australia
More men die of prostate cancer than woman die of breast cancer

Regular blood tests will ensure critically important early diagnosis and treatment.

Early detection saves lives.

Thank you to our Event Partners, our Presenting Partner, our sponsors, our auction and raffle donors, and to you for your attendance and support.
